Theta Is Forever

I have received a letter from a very dear friend, Jean Coman, Gamma deuteron, Ohio Wesleyan, who spent many years with the Alaskan Command. She writes:

"I have just attended my first district convention—that of District VII. It has been so thrilling to see a whole ballroom of Thetas, instead of three or four as in Anchorage at Panhellenic!

"I have now also become an active member of the San Diego Alumnae Chapter and really enjoy the people I have met. My faith, love and joy in Theta is greater today than any time in my life. If only the recent college graduates could realize what Theta can mean in the years to come, our alumnae would be bigger and better."

The inspiring thing to me about this letter is that Jean was away from any Theta organized group for many years and now, in her retirement in California, is finding such friends and such interest in Theta. This is one of the wonderful things about fraternity!

Education That Continues

The Spring 1965 Issue of the Theta Magazine is really exciting. I am, of course, pleased with the article about our program on continuing education at the University of Akron, but I am *delighted* that all of this information is reaching college women. This is the time when they should *really* start planning for the second half of their lives.

Thank you for your interest in the University of Minnesota Plan for Continuing Education of Women which you wrote up in your Spring Issue, page 11. I was very pleased to find that you had been able to get an article out of the information I sent to you. I was also pleased to see your Theta member—and one of our Rusty Ladies—Scotty Giebink featured (page 12).

Those Tile-Laying Thetas

On behalf of the Civitan members in Albuquerque I would just like to say "thank you" to all the girls in the Gamma Omicron chapter of Theta at the University of New Mexico. The seven hours of hard work your group put in laying tile in the washrooms and cleaning and painting at the Julia Mauldin Civitan Camp for

Handicapped Children enabled us to reopen the camp on time this year.

Civitan is an international service organization for business and professional men. Our four clubs in Albuquerque sparked the idea for building this camp for the handicapped and now are responsible for the construction and maintenance of the physical plant. The camp itself is operated by the New Mexico Society for Crippled Children during June and July and by the New Mexico Association for Retarded Children during August. Over 200 children enjoyed its use in 1964, the first of its operation.

Civitan's motto is "Builders of Good Citizenship," and we are proud of Theta's effort in our behalf and I am proud to have had the privilege of being the "Chief Honcho" of Gamma Omicron's tile setting crew.

To Be In God

As for personal news about my poetry—I keep on publishing and lecturing when I can. But the project which interests me most is publishing in foreign countries—about 17 now. I feel that it is a network founded on "the good, the true, the beautiful," which underlies international friendship. Only a tiny rushlight—but to be in life is to be in God. All else is negative.

◆ Ruth Sherry, initiated at Stanford in 1904, was presented with a life membership in Theta recently at the home of Jean Hamilton Aldrich, wife of the president of the University of California at Irvine (see page 12). Theta on the Moon?

I believe you will be interested in these comments of Dean Elaine Mobley, University of Nevada, who was the featured speaker at the District IX Convention:

"The increased enrollments tend to transform college from a rural to an urban situation. Certainly this emphasizes the need for small, homogeneous groups through which individuals may establish their identity and experience a sense of belonging. This, I believe, was the fundamental principle on which fraternities were founded. This need will exist as long as people inhabit this planet and when we finally inhabit the moon and other planets, we will still need the people-to-people relationship."

THE COVER: Don't let anyone tell you that it is only queens who get the red carpet treatment! Either that, or *all* Thetas are queens, which is why the red carpet is always out for them! In any case, the college Thetas from Alpha Lambda chapter, Washington-Seattle, shown on our cover, were busy as anything getting out the red carpet for the Thetas expected at the District XIV Convention. The approximately 124 Thetas from the northwest who attended the meetings had these to thank for their fancy welcome: l. to r., Anne Pearson, Jane Worcester, Ginny Billington. The girls just replied nonchalantly: Laying red carpet is no trouble at all!

Quotation for Autumn

"Look at those freckles, that grin. When I look at that picture I don't see an astronaut. I see a wonderful little boy who is really a fine, fine brother."—JEANNE WHITE WHATLEY, sister of Astronaut Ed White II, first man to walk in space. (*See page 11.*)

YOUR EDITOR HAS A NOTION that what Theta Jeanne Whatley has to say about her astronaut brother applies to many folks nowadays who might be called ordinary people—doing extraordinary things! Those whose names are in the news, who are working especially hard to make some contribution to this old world of ours, underneath are just "people" like the rest of us—perhaps just a much loved brother with freckles, perhaps a neighbor we visit with over the back fence, perhaps a Theta we were initiated with, perhaps a childhood friend whose letters arriving infrequently revive old memories. Thus, this ideal of America, opportunities for so many, is borne out in fact as so many achieve.

This seems to us good—and the images of the astronauts being placed before our young people *very* good. One thing bothering us is that the "heroes" of this day and age are pretty pallid folks. Gone are King Arthur, Gallahad, even the little boy who saved a country by sticking his finger in the dyke. Instead children hear about Dick and Jane, who are hardly heroes to emulate, and some of the TV and movie stars are no better. It is the feeling of some that a civilization is raised or lowered by the heroes it creates. Here's hoping that the astronauts are creating a new breed of courageous young men that our boys and girls will look up to thus strengthening their own characters by this example.

Of course, not all "achievers" are astronauts. We think that some of the ordinary people doing extraordinary things are right here in Theta, for instance those chosen for honor society membership. It is interesting to note that each year Theta seems to have about an equal number of girls in Phi Beta Kappa, Phi Kappa Phi, Mortar Board, though maybe not chapter-wise. One chapter will have three or four in Phi Beta Kappa one year, none the next; or several Mortar Boards, then only one. But the total for all Theta chapters stays pretty constant. If we have less Phi Beta Kappas one year, we have more Phi Kappa Phis. If we lose some Phi Kappa Phis, we pick up Phi Beta Kappas, or more Mortar Boards.

Why is this? How does Theta manage to keep the standard of achievement so constant? We don't know for sure except that we do know that Theta *is* quality, epitomizes quality in its ritual, demands quality among those so carefully chosen for membership, and gets it!

Perhaps the "personal" achievers we like best (to get right down to today, this issue and this Theta Magazine) are friendly and willing Thetas who do extraordinary jobs for us on the magazine. Take this honor section, for instance. Margaret Stradling Moore has been handling this for several years. This year she was hospitalized, and a substitute had to be found. Who was better suited than Barbara Fuller Gilson? No one, we thought. And no one was or is. Barbara waded right in on this unfamiliar (to her, that is) job and did it with dispatch. Our thanks to her! Margaret, who always does an excellent job, too, promises to be back next year, but if not—it makes us feel good that (and now we return to Astronaut-talk) she has such a good "back-up" person to fill in for her.

And now to coming deadlines:

Active chapter editors: November 1. Due: 100-word shortie letter on chapter's "Mrs. Theta."

All editors and others: December 15. Due: General items about Theta for Spring Issue, 1966.

Send copy to Mrs. Herbert L. Garrard, 10 Heather Lane, Route 3, Noblesville, Ind. 46060.

Are Fraternities Worthwhile?

In an era when almost everything is questioned it behooves us to take stock and ask, "What are the values of a fraternity in the year 1965?" Fraternities provide one of the greatest youth movements of all times. If I were asked to fix enduring values they would be these:

Small group living. At a time of a population explosion, in a decade when colleges and universities are crowded, the fraternity offers small group living where a person may be an individual, not a number.

Guidance in a transitional period. The interest and devotion of fellow members and adult advisers help to guide the transition from sheltered home life to complete independence.

Standards. The ideals upon which a fraternity is founded and the standards set forth by a college chapter provide an incentive and a guideline for individual behavior. There is no greater influence upon any member than the tradition of high standards in a college chapter.

Leadership training. Service as an officer or as a committee chairman or member with programs planned and outlined by experienced national officers provide expert training for participation in all kinds of civic responsibilities. Our young women go forth to serve and become leaders in their communities.

Responsibility. Fraternity life not only gives but receives. An individual who has been trusted with responsibilities and achieves them develops self-discipline and self-respect.

Academic achievement. While a fraternity does not necessarily make a scholar, it provides an incentive for intellectual development and encourages good study habits.

Friendship for life. The rituals of a fraternity, the common experiences, the sharing of ideas, the mystical bond of sisterhood, the search for goals provide a common ground for the rich experience of lifetime friends.

Yes, fraternities in 1965 have value—possibly more than at any other age—for they provide roots and wings for each member in a disturbing century. We who are blessed with the opportunity of fraternity life must be an inspiration and a challenge to others. Let us be sure to give to the world the best that we have. As living examples of enduring fraternity values, we can preserve the fraternity system.

57 $\frac{1}{2}$ THINGS TO DO

◆ Calling all Thetas for a Bahama-bound Grand Convention June 12-17, 1966. You will find your special place in the sun at the Grand Bahama Hotel and Country Club, West End, Grand Bahama Island, Bahamas. A truly enchanting and beautiful spot, the Grand Bahama Hotel is the Bahamas' largest and most complete resort situated on 2,000 acres of land abundant with tropical flowers, waving palms and cool green lawns.

They tell us there are 57 $\frac{1}{2}$ things to do at this island paradise, and here's the great thing about it—they're all on your doorstep.

The scenic oceanside 18-hole *golf* course adds a new dimension of beauty to a favorite pastime.

If you like to *swim*, just wait until you dive into the pool. We're told it's the largest in the Western Hemisphere. There are also nine miles of private beach.

Here you will find the finest *deep sea fishing* in the world, and the marina has plenty of charter boats available.

If you are the outdoor type, Grand Bahama is a happy hunting ground for sportswomen: *Horseback riding* along tropical bridle paths; *tennis* beneath the brilliant sun or under the lights at night; *bowling* in the handsome, regulation alleys; *sailing* on one of the fleet of sailboats at the marina; *skin diving* in the amazingly clear island waters; *skeet shooting* on the brand new skeet and trap ranges.

Thrill to the quaint, picturesque charm of the native village. What fun it is to rent a bike and go *cycling* down the roadway to West End.

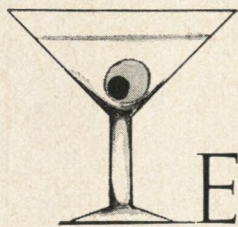

Or *sail* aboard an authentic Chinese junk to Sandy Cay, a picturesque isle a few miles off Grand Bahama Island.

The Treasure Lane of shops affords an unequalled opportunity to do some leisurely, unhurried, pennywise *shopping*. You may select from an international treasure trove of imported and native bargains. A vast array of cashmeres, cameras, watches, French perfume, woolens, silks is there for the choosing at prices about one-half what you pay in the United States.

Plan to include your families in your convention plans, for there are vacation activities for all ages. Special convention rates will apply for everyone, including a post-convention stay.

The best part of all is that Grand Bahama Island may be reached via air from West Palm Beach or Miami, or you may sail aboard the exciting new luxury liner MS Grand Bahama from West Palm Beach.

Incidentally, we promised you 57 $\frac{1}{2}$ things to do at Grand Bahama—and that $\frac{1}{2}$ is just doing plain, ordinary *nothing*. We say that is the most fun of all—enjoying a Theta Grand Convention.—GINGER BURNS BOYNTON (right in picture), HATTIE DARLEY DAMISCH, *Convention Managers*.

ES, YOU CAN

You have to get there fast and you're lucky enough to get the plane you want. It's a "Champagne Flight." . . . You meet an old friend for lunch and a chat. It's "Ladies' Day" and drinks are on the house . . . You stop to see your neighbor and she hails you with "What'll you drink?"

In the market, alcohol pops up everywhere; it's the same in the ads. Movies float by you on a sea of the stuff; so does television. In the women's magazine stories and every book you read there's the tinkle of ice in a glass and everybody's drinking or drunk.

Alcohol, once a taboo, is now as accepted as coffee. With one difference—*no one urges coffee on you.*

But suppose you don't care to drink? No huge reason, you just don't care to.

Teetotaler? That's pinned on you. "A problem, dear." Sympathetic friends and hostesses give puzzled or pitying looks till you feel as conspicuous as a bottle of milk on a bar. If there's someone else saying a brave "No" here and there, he's the rare bird, too, with everyone else downing martinis like they were water.

"Having a drink no longer seems to suffice," comments Dr. Marvin A. Block of the American Medical Association. "There must be a succession of drinks before present social standards are met. Today drinking has attained status and become a sort of perverse symbol in our society."

You're stuck in the middle of some of the squeezingest social pressure ever applied. Society, it appears, is going to have you drinking whether you "care to" or not! But must you take on a habit that doesn't interest you, that has no appeal for you, just because everyone else is doing it? Can you say *No*?

Yes, You Can Still Say No!

"Most women who say they must take a drink to be sociable are only kidding themselves," says Ann Landers, noted columnist. "You will have to go a long way to find one who is more sociable than I am. Yet I have never needed liquor as a crutch. When I attend cocktail parties, as I often do, I merely say, 'Ginger ale, please.' And I am not the least bit uncomfortable. A woman who is able to say 'No' so that it sounds like 'No' and not 'Maybe' should have no problems."

This newspaperwoman made her decision while in college. Ann's sister, known to millions as "Dear Abby," says *no*, too. "I neither drink nor smoke and never have. I refrained at first to please my parents. I never took up the habit later because I have a son and daughter and I know that example is not only the best teacher, it is the only teacher."

Pressures and Prices

Women *are* drinking more, and no wonder. They accounted for a good many million swigs from the more than five billion dollars worth of hard liquor demolished by U.S. drinkers in 1962, and a good deal of the beer and wine. As a result, hordes of them are alcoholics, problem drinkers and/or statistics. Dr. Louis Freed, social medicine expert, believes women drink because they are now exposed to the same stresses as men . . . the "selfsame harrowing life situations from which escape became compulsively necessary for an increasing number who took to drink."

But "harrowing life situations" have a way of multiplying for some. According to FBI reports, although women are law-breakers only one-eighth as often as men, drunkenness gets

by Duane Valentry

STILL SAY NO!

more of them in trouble than anything else, with about 125,000 arrested each year. Women's prison, hospital (and morgue) records run the gamut in horror with gigantic misery to murder and infanticide, all drink-induced.

Sips That Sap

In his book "How To Stop Drinking," Herbert Brean tells of the "insidious nature of social drinking," blaming it for what he calls a subtle deterioration affecting some 40 million Americans who are not and never will be alcoholics. Yet, an attractive 31-year-old woman with two growing daughters and "a wonderful husband," believes this social sipping "sneaks up on you," says, "I have no financial or emotional problems that might cause me to drown my troubles in drink. I wasn't worried about drinking too much. . . I was a 'social drinker.' But soon I found I had a battle against alcoholism."

Well, your liquor problem is only, perhaps, how to politely and inoffensively and nondefensively say *no* to incorporating it into your own way of life. Women of all ages and in all fields are doing it. They're proving that the octopus' squeeze of social pressure to drink can be avoided. Especially since surveys show that nearly 50 percent of women who drink today do not enjoy their drinks but only imbibe "because others do."

A young woman, readying for college, has given the issue much thought. "All of us will be faced sooner or later with the problem of whether or not to accept a drink. We need to be able to answer—'No thanks, I don't drink.' Alcohol has nothing to offer a well-balanced person. Its effects are only a crutch, making an

artificial personality. Particularly teenagers, who are developing physically and emotionally, must understand the truth about alcohol."

The face in the mirror after a few parties or acute "cocktail fatigue" makes some women quit.

Witty Gale Storm, the life of any party, after feeling the squeeze says, "I tried it—you just get so you go along with the crowd. It seems easier that way. But when I started to figure out what I wanted to do and stand for, this was one of the little nagging things on my conscience. If I have to rationalize and tell myself that this is fine for me, then it's wrong for me."

Gale makes no excuses, just says *no*, and has a good time.

Senator Maurine Neuberger finds it no handicap to attend sloshy parties as a non-drinker even in party-throwing Washington, D. C. She quotes her late husband: "Cocktail parties are completely unrewarding. There is no sincerity in them, and too much energy and effort wasted."

The vogue of the coffeehouse has done much to convince many people of all ages that conviviality *is* entirely possible without alcohol.

It's time, suggests one editor seriously, for women to launch a counter-offensive, and many are doing just that—rebellious against the cocktail party round and pressures to drink, drink, drink.

Social Bearings

When with any drinking group, for heaven's sake, don't order first, warns a cocktail-abjuring *femme*. Her innocent order, before she learned better, made everyone self-conscious. Now she orders last.

How can a non-drinker justify his principles

in a society where drinking has become so widely accepted? How can he resist social pressure, asked a noted Washington correspondent. After ten years of "bucking the cocktail circuit," he advises, "In the first place, you have to decide whether you're going to drink or not drink. I made up my mind rather strongly at college . . . from what I could see, drinking didn't look too smart. Later, as city editor, I covered police court and really saw the cost to our society of letting beer and liquor become a controlling part of the American way."

Covering parties for news he learned the ironic fact that you don't have to drink to be sociable after all. "You can, if pressed explain with just enough obvious irritation to cause the host to drop the subject, that you simply don't like to drink. Ask for ginger ale. They always have it—for chasers. Nobody shuns you. You don't lose friends. You definitely gain influence."

At Your House

Terry Moore is one of the most popular party-givers in Hollywood. "We have a wonderful time on unspiked punch, ice cream and cake," says Terry. "We enjoy ourselves so much we organized a group and meet regularly."

Doris Day entertains at her fabulous soda bar and doesn't drink or serve them; neither does Ginger Rogers, Vera Miles, Roberta Shore or Kim Novak, who doesn't care who does or doesn't drink as long as she doesn't. There are many others who say *no*.

"I am one of those fortunate people who can get intoxicated without drinking," says Shirley MacLaine. "I have all the fun and none of the hangovers."

In more than one neighborhood, non-alcoholics band together in their own social circle. "We'd rather have the money to furnish our homes, buy TV sets," says a young married. "Besides, we choose not to drink. We *can* make friends and establish social contacts among non-drinkers and maybe throw parties where the wit

is so scintillating, the gaiety so infectious, that even a few of the teenage and college tipplers could be lured in."

The "acid test" is inviting people to your house. "I state that no alcohol will be forthcoming. Then they can have their cocktails at home—or refuse the invitation."

A suburban hostess shocked hard-drinking friends by giving a liquorless party, explaining, "I'm no teetotaler, but I've seen the way people behave at these marathon drinking parties."

It's typical of the "social hangover" to be acutely aware later that you said the wrong thing, did the wrong thing or appeared less than your best self. As Lisa Kirk says: "The way to hit bottom is too many bottoms up!"

Never Apologize!

You make a fatal mistake the minute you apologize for taking the abstinence stand says Herbert Brean. "Wives when entertaining need make no apology for refusing to serve alcohol. The present deplorable trend in America toward more and more consumption of liquor will be halted *only by those who refuse to be intimidated*. I'll never forget the day Premier Mendes-France of France raised his glass of milk in a toast at the National Press Club. It took nerve to do that, but he saw alcohol eating the heart out of his country. And he gained stature by his bold act of fighting it."

Don't let anyone tell you that you have to drink to be sociable, adds Brean. "You don't. You gain the right kind of friends and prestige and professional advancement lots faster drinking that ginger ale plain."

Actually your experience, says one insurance saleswoman, will be due in no small part to your own attitude. Explain in detail, apologize for not drinking, make a lot of your non-affection for liquor . . . "and, well you've made a lot of it. But a simple 'No, I don't drink,' or 'I'll take a plain ginger ale'—and people generally won't tread further into that which is, beyond all shadow of a doubt, your own affair."

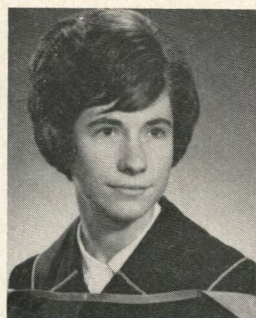

"Yes, You Still Can Say No," by Duane Valentry is one of a series of articles prepared for sorority magazines by "Operation Brass Tacks," a project of the National Panhellenic Editors' Conference. Permission to reprint the article or any portion thereof must be obtained from the "Operation Brass Tacks" committee.

Members of the committee are Margaret Knights Hultsch, Alpha Phi, chairman; Mary Margaret Kern Garrard, Kappa Alpha Theta; Isabel Hatton Simmons, Kappa Kappa Gamma; and Dorothy Davis Stuck, Pi Beta Phi.

FOUNDATION SCHOLARSHIP AWARDS

Kappa Alpha Theta Foundation announces the awarding of seven \$500 scholarships, plus one for \$300 and one for \$400, these latter sponsored by

the Washington, D.C. and Omaha Alumnæ Chapters respectively.

Graduate Awards (\$500)

Penelope Ann Bazler, Alpha Gamma, Ohio State. Penny has been recognized by the dean of women, her professors and fellow students as an outstanding student at Ohio State University. She has maintained a high scholastic average and assumed responsibility in extra-curricular programs. She has served her fraternity well as rush chairman and scholarship chairman and as an outstanding "person" on campus. She was recognized by Chimes, and by Mortar Board, served as vice-president of the Education Student Council, and has demonstrated throughout her college career her interest in others and a desire to be of service.

Penny graduated in June with a bachelor of science degree in education and will pursue this interest in graduate study—educational guidance and counseling—at Ohio State.

Carole Margaret Fielder, Beta Upsilon, University of British Columbia. Carole is a physical education and zoology major, a good student and a leader on campus. She was named valedictorian of the physical education department and was elected president of the AWS, an office of great distinction and responsibility on campus. The following comment is from an official

in the Department of Physical Education, "In the classroom and as her coach, I was aware always of her qualities of spirit, determination and thought, which have led her in pursuit of excellence."

Carole is a loyal and enthusiastic Theta. She filled the office of chapter treasurer with great dispatch—in fact she has held an office in Theta every year since becoming a member. Her wish is to teach physical education and biological sciences at the high school level. A fifth year course in education is a requirement and Carole has enrolled in the College and Faculty of Education at the University of British Columbia to fulfill this requirement.

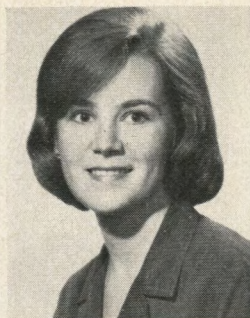

Martha Bell Gordon, Alpha Mu, University of Missouri. Martha is a talented musician, "one of the finest flutists to graduate from the University of Missouri in the past ten years." She has been accepted by the Eastman School of Music, Rochester, N. Y. where she is working toward a master of music degree in the field of music literature and applied music. Although Martha has studied and taught music she has not limited her activities to music alone. She is an excellent student, a top flight golfer, a fine swimmer and coach. Her honors include Mortar Board and *Who's Who in American Colleges and Universities*.

She is a devoted Theta with a brilliant future in music as a teacher and artist.

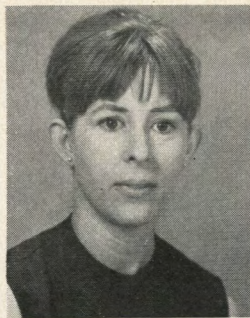

Ingrid Marianne Hall, Beta Psi, McGill University. Ingrid graduated from McGill with honors in political science and history in May, 1964. This past year she has worked for the

Royal Commission on Bilingualism and Biculturalism. She speaks English, Danish and French with equal ease. She has been accepted into the second year of the three year diplome course at the Universite De Paris, Institut D'Etudes Politiques. Her course of study there will be in international relations. In her third year at McGill, Ingrid was elected to Red Wing Society—an honor based on academic, extracurricular and athletic achievement. She was president of her pledge class and later served as scholarship chairman.

Nicki Joe Nichols, Alpha Mu, University of Missouri. Nicki graduated from the University of Missouri with a bachelor of science in education in June, 1964. Since then she has held the office of administrative assistant to the dean of students at Missouri.

Virginia Chain Schmid, in whose name Omaha Alumnae set up Foundation scholarship award, hands check to recipient, Cassie Wild, watched by (l. to r.) Nancy Grine Dobson, Ardis Johnson Beeler, Gracia Eyth Hasebroock, chapter officers.

This Foundation Scholarship makes it possible for Nicki to accept the recognition she has received from the Harvard-Missouri Fellowship Program. She entered Harvard in June, 1965 to work toward a master of arts in teaching degree which she hopes to receive in May, 1966. Nicki's undergraduate work at Missouri was brilliant. The dean described her as "the outstanding woman student on campus."

Linda Jean Rinker, Gamma deutron, Ohio Wesleyan. "A scholastic record that is superior—Phi Beta Kappa—and a talent in her field—English—that is outstanding," applies to Linda who has entered the graduate school at Northwestern University. She spent her junior year in Aberdeen, Scotland where she was awarded the prize for the most distinguished poetry submitted by students. Since then she has been awarded a Woodrow Wilson Fellowship. She plans to work straight through for her doctorate and hopes to teach and to write.

Patty Gideon Wade (Mrs.), Alpha Theta, University of Texas. For two years Patty has worked mornings as a legal secretary and attended the University afternoons to complete her undergraduate work. This past year she was enrolled in the honors program in the English department of the University of Texas.

The University Fellowship for graduate work which she has just been awarded is a tribute to her ability and sincere determination to reach her doctorate in English (creative writing and contemporary drama).

Patty writes that she was initiated in 1952 and became a Theta alumna in 1953. She is the mother of three small children.

Graduate Award (\$300)

The 1965-66 Washington, D. C. Alumnae

Chapter Logopedics Foundation Scholarship recipient, **Sue Leatherbury**, a junior at Wichita State University, Wichita, Kansas, has a double major of elementary education and Logopedics. Her overall grade average for freshman and sophomore years is 3.28 with a 4.0 average in Logopedics courses. Her minor is music.

This past summer she was lifeguarding at a community swimming pool. She lives in Wichita with her mother, who has held graduate fellowships at Wichita State University but whose ill health at present precludes both employment and academic work.

Sue is a member of Sigma Alpha Eta, honorary Logopedics fraternity, and is active in youth groups of her church where she sings in the choir.

Undergraduate Award (\$400)

The Omaha, Neb. Alumnae Chapter has established an upperclass Foundation Scholarship for Rho chapter at the University of Nebraska which was given for the first time in the spring of 1965. The gift scholarship honors Virginia

Chain Schmid, an alumna of Rho chapter, who has served Theta through the years as a district officer and retired in 1964 as grand vice-president in charge of the Finance Program.

As a truly qualified "Virginia Schmid Scholarship" winner, **Cassie Wild** ably fulfills the criteria of the award. A senior this year (1965-66), she is an arts and sciences student who has maintained high grades. She has been a past Y-Teens adviser and is a member of Orthopedic Project. Cassie has excelled in foreign student relations, serving both as adviser and president of People-to-People. She has also served as president of the Red Cross at the University. She is Theta's Standards Committee Chairman.

THE KAPPA ALPHA THETA FOUNDATION through your contributions is able to have a small part in the future careers of these nine outstanding young women.—*The Foundation Scholarship Committee*: Marian Yerks Bedford, Charlotte Fairbanks Mason, Lucy Ann Balch Wallace, Letitia Mayer Williams, Wilma Trost Shattuck, *chairman*.

WATCHING THE STARS

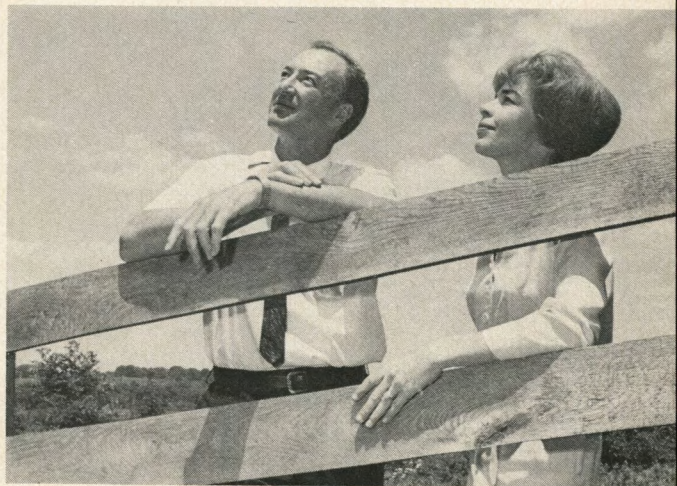

A Theta brother and a Theta son are "stars" of the current Astronaut program. Jeanne White Whatley, a Theta from Beta Rho, Duke, is the older sister of Ed White II, the first American to walk in space. Louise Berrey Haney, a charter member of Alpha Phi chapter at Newcomb, numbers as one of her four sons Paul Haney whose voice says during the space flights, "This Is Gemini Control."

Jeanne White Whatley, the wife of a Cartersville, Ga. physician, with her husband and three young sons, watched the Gemini 4 blast-off and the capsule's four-day orbit around the earth on the TV in the family playroom. She writes, "Didn't Ed and Jim (McDivitt) have a good time? I am so proud of Ed and his family. He loves what he is doing and believes in it."

Louise Berrey Haney, a fifty-year Theta, helped found the Akron Theta Alumnae Club. Her son, Paul, was a newspaper man in the east and

middlewest before becoming the director of public affairs for Project Gemini. He directs a staff of over 50 people at the Manned Spacecraft Center in Houston, Texas, heading projects which include a news bureau, plus audio-visual, education, protocol and historical depts.

COLLEGE PRESIDENTS WITH THETA WIVES

add three more

The names of Theta wives of college presidents keep coming in! Starting out with five—Christian and Marietta Colleges, Kansas State, Michigan State and Ohio Universities—three more were added—the University of Illinois, Grand Valley State and Wells Colleges. This issue adds another three, making a total of eleven. Two of these new schools are in the west, one in the east. All the couples were high school or college sweethearts. One Theta is current president of the Theta Alumnae Club; another has been magazine subscription chairman (for Orange Coast club); all do their jobs, for Theta or college, with verve.

The President, University of California, Irvine
The President's Wife, Jean Hamilton Aldrich

♦ Jean Hamilton Aldrich, a Theta from Beta Delta, University of Arizona, shares the active social and civic activities calendar of her husband, Dr. Daniel G. Aldrich, Jr., first chancellor of the new Irvine campus (opened fall, 1965) of the University of California. From an initial 1,500 students, UC Irvine is expected to grow to 27,500 by 1990.

Jean comments that "while the duties of a 'first lady' on a university campus are primarily social, there is a great opportunity for service." She has demonstrated this by her work in helping form the social liaison between "town and gown" and her active participation in the Orange Coast Kappa Alpha Theta Alumnae Club, the Fine Arts Patrons of Newport Harbor and other organizations. Frequently she provides gracious service as the University's official hostess. In addition, she devotes much of her time to their three school and college age children, Stuart, Elizabeth and Daniel III.

The Aldriches met at the University of Arizona, where he was a graduate student, married in 1941 upon graduation, and went to the University of Wisconsin, where Dr. Aldrich received his Ph.D. At Arizona Jean was president of AWS. She and her husband maintain an interest in outdoor activities and play tennis together at least one or two times a week, "no matter what." A believer in continuing education, she has pursued graduate studies at both Davis and Berkeley campuses of UC, where Dr. Aldrich has been stationed in the past, looks forward to this at Irvine.

The President, Franklin and Marshall College
The President's Wife, Dorothy Lint Spalding

The President, Northern State College
The President's Wife, Lenette Dunlap Kramer

♦ To all outward appearances, Dorothy Lint Spalding takes life as the wife of a college president pretty much in stride. She will tell you that it has been "gay, mad, hectic, but exhilarating" since her husband became president of Franklin and Marshall College at Lancaster, Pa. two years ago.

Dot, as she has been known for so long that she seldom answers when called "Dorothy," is an easy, informal person, remembered for her red hair and vivacity. She brings an unfailing enthusiasm to everything she does and she has been doing much at the college and in community affairs. However, with 10-year-old twins, three other children ranging in age from 13 to 19, and the rest of her full schedule, Dot complains only that there isn't enough time to do more. Still, she finds ways to explore the Pennsylvania Dutch country, take a course in pottery and read.

Dot became a member of Beta Omicron of Theta in 1940 when she went to the University of Iowa as a junior. She had known Keith Spalding when they were in high school together in Wichita. They were married in Hollywood during World War II.

A journalist, she edited a weekly newspaper in Allendale, New Jersey while her husband was serving as editor of the *New York Herald Tribune* News Service. He went from this to administrative posts at Penn State and Johns Hopkins Universities before coming to Franklin and Marshall. Since then the school, one of the oldest liberal arts institutions in the nation, has embarked upon a series of exciting projects.

♦ Lenette Dunlap Kramer and three of her sisters are Thetas. She was initiated into Alpha Rho at South Dakota in March, 1923. During the current year she is also president of the Theta Alumnae Club in Aberdeen.

But this does not cause her to neglect her considerable duties as wife of Dr. J. Howard Kramer, president of Northern State College at Aberdeen. As advisor to the Northern Dames on campus, as honorary president of Faculty Wives, and holding the honorary position of Gypsy Queen Mother in connection with Northern's Homecoming, she has made her influence felt on the Great Northern campus in the nine years since her husband became president there.

In the city of Aberdeen she has recently been secretary of the board for the School of Hope, a public pre-school privately supported for the mentally and physically handicapped. She has been chairman of the Cancer Crusade and was chosen as Aberdeen's First Lady in 1962.

Both Dr. and Mrs. Kramer have been dedicated workers in education since they both graduated from the University of South Dakota with A. B. degrees. They were married in 1926. He has taught in all of the tax supported colleges and universities in South Dakota except one, was president of Southern State College and chairman of the Division of Education at South Dakota State University before coming to Northern. During his tenure the number of buildings at Northern has doubled and the enrollment has almost doubled.

The Kramers have a grown son and daughter.

Tracy DeBell reaches out for her Phi Beta Kappa "key" being flown above Theta house doorway.

FIVE KEYS FLY HIGH

◆ For girls who are used to talking about flying "kites" it was a new experience to fly "keys" instead. It was also a glorious, exciting experience when the announcement came which made the key flying possible: five members of Kappa Alpha Theta were tapped for Phi Beta Kappa on the William and Mary campus in November, 1964. This was not only the first time on this campus that such a large number had merited Phi Beta Kappa from a single sorority; it was also a sobering thought that this had happened at the very heart of Phi Beta Kappa-land itself. Phi Beta Kappa originated at William and Mary on December 5, 1776.

Quick to want the world to know about this honor to Theta, members of Theta's Beta Lambda chapter at William and Mary fashioned replicas of the Phi Beta Kappa key—and hanging these on a cord above the doorway of the Theta house, announced by lettering on each emblem that Bonnie, Jill, Sharon, Anne and Tracy were the newest members of the most important scholarship honorary group in the country!

Everywhere they went subsequently (see District XVI Con-

vention picture, page 31) the five were treated with honor and deference. (However, while Anne Barden, Tracy DeBell, Bonnie Burnett and Sharon Spooner posed for photographs, Jill McCroskey's picture is missing!—EDITOR.)

The College of William and Mary, which was chartered on February 8, 1693 by King William and Queen Mary, has had many "firsts" in its history and all of these are duly entered on a plaque entitled the Priorities which hangs on the front of the Wren Building, the oldest building on campus. The sixth priority states that this was the "First College to establish an inter-collegiate fraternity, the Phi Beta Kappa." It is now duly recognized that Phi Beta Kappa was, in truth, the first actual fraternity in America. This secret society was the first to have a set of regulations for conducting of business, a handshake, a seal, a special badge, and a definite bond between members. As the years passed and Alpha chapter expanded beyond Virginia, Phi Beta Kappa evolved into an honorary, non-secret society emphasizing scholarship and the humanities.

On display at William and Mary are some early badges (as left).

picture story

Left, Phi Beta Kappa Bonnie Burnett studies in front of the Wren Building where the first Phi Betes attended class and where the Priorities of the College of William and Mary are displayed. Right, Raleigh Tavern whose Apollo Room is supposed to be the actual spot where Phi Beta Kappa was founded.

While these five Thetas at William and Mary are setting their own records in Phi Beta Kappa, it is interesting to note that two Thetas of much earlier vintage set another record. Lida Mason and Ellen Hamilton of Lambda chapter at Vermont were the first women ever elected to Phi Beta Kappa.

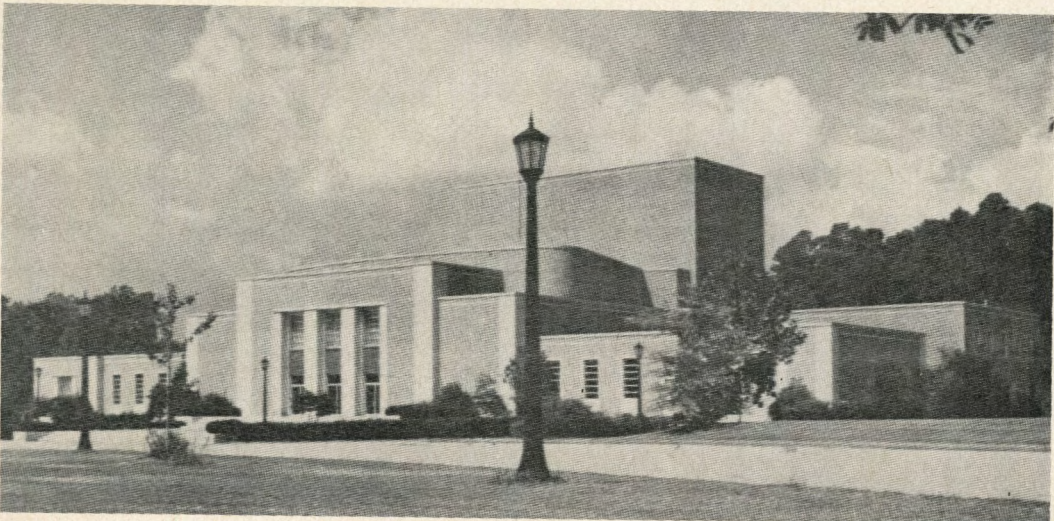

Sounds simple? It wasn't at all.

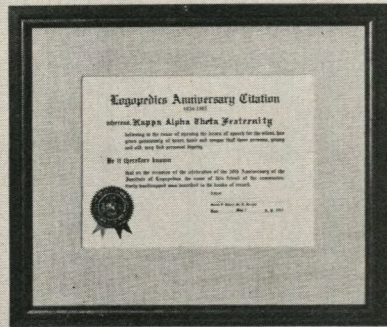

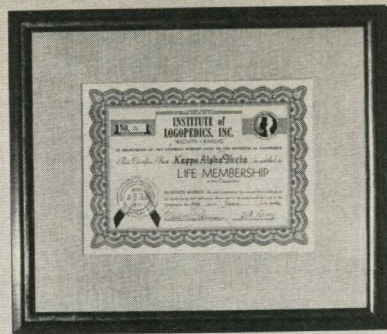

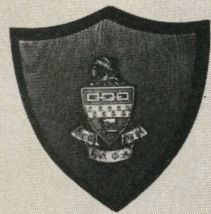

According to *Sixty Years in Kappa Alpha Theta*, "At the University of Vermont Phi Beta Kappa meeting in the spring of 1874 Professor Peabody 'exploded a bomb' by moving that students eligible because of their scholarship be received 'regardless of their sex.' Such a possi-

bility had never been thought of before, but here were two senior women ranking among the first four in the class. There was 'animated discussion,' his resolution was tabled and the two highest ranking men elected and initiated. That night there must have been thinking as well as sleeping, for the next day an adjourned meeting was called, Professor Peabody's motion taken from the table was passed, and the two girls—Lida Mason and Ellen Hamilton duly initiated."

Thus, these two Thetas pioneered the way while the five at William and Mary carry on in the same tradition.—ELAINE BANNERMAN.

Phi Beta Kappa Hall, named in honor of the first Phi Beta Kappa chapter, is on new campus of William and Mary.

LOGOPEDICS' THIRTIETH

In a turnabout on the custom of giving birthday presents, the Institute of Logopedics at Wichita, Kansas, which observed its thirtieth birthday on May 7, 1965, made the occasion one of giving gifts to others. In a presentation of citations to national organizations which support the Institute, Kappa Alpha Theta, which is the largest single contributor to the Institute, was honored for its belief in the cause of opening the doors of speech for the silent and its giving "generously of heart, hand and tongue that these persons, young and old, may find personal dignity."

Now framed and hung on the wall of Theta's Central Office, this citation (see picture above) joins an earlier life membership certificate pre-

sented to Kappa Alpha Theta on June 15, 1946 at which time recognition was accorded to Theta "for generous support given to the Institute of Logopedics."

Theta's representative at the thirtieth birthday party of the Institute was Virginia Ford Hood, former Grand Council member and recently retired philanthropy chairman for Theta. The Anniversary Day celebration began with a cake-cutting ceremony which was in charge of Robert Young, TV and movie star. Following this there were tours of the Institute, including visits to the 500 children currently living there—in their classrooms and in the 160 homelike apartments which house them (which includes the Theta Court!).

IT IS WITH REGRET that we report that Dr. Martin F. Palmer, founder and director of the Institute of Logopedics, died unexpectedly on August 13, 1965 after a brief illness. However, the work of the Institute will not be interrupted, will continue in its program of giving speech to the silent and in carrying out the ideals of service which motivated Dr. Palmer's entire life.

Presentation of the citations was made at the Anniversary Dinner where it was brought out that some 30,000 children and adults have been helped since the Institute started in 1934.

In her report to Theta Virginia Hood stressed her pleasure that Theta's name was known wherever she went at the anniversary celebration and that great appreciation for Theta's contributions to the Institute was expressed by everyone she talked to. Perhaps the finest comment of all was, "The wonderful thing about it is that Theta saw the possibility when it was small and others couldn't even imagine it."

Now that the Institute is so much larger, this statement is made by Theta's LINK: *LINK's continuing support of the Institute of Logopedics is a serious business.* Its financial commitments to the Institute use all the money contributed to the Foundation each year by Theta Alumnae Chapters and Clubs. LINK bears complete responsibility for maintenance of our own Theta Court—the money voted annually by LINK Board of Trustees to cover the specific necessities. . . a new roof or whatever. LINK also contributes to the support of the Occupational Therapy Department. And, if LINK receives from the chapters and clubs contributions in excess of current expenditures, that money is placed in a growing capital fund designated specifically for the permanent support of Theta Court at the Institute.

A Special Guest

"Such a wonderful and warm person!"

These are the words which come to the mind of the Purdue chapter of Theta when thinking about Dr. Martin F. Palmer, head of the Institute of Logopedics, who was our guest at the chapter house just about a year ago. Dr. Palmer had come to Purdue on the Old Masters Program, a program which brings famous and successful people to speak with students. We Thetas were fortunate enough to have Dr. Palmer spend an evening with us.

It was an occasion we will never forget.

Highlight of the evening was our impromptu concert—Dr. Palmer playing the piano and all of us standing around, singing! But we also talked, and ingredients of Dr. Palmer's philosophy came out during the discussion. "Concern for others," was dominant in leading him to ~~choose~~ the career he did. When asked how one should set goals, Dr. Palmer answered that we can think about tomorrow and yesterday, but the important thing is to live today to its fullest . . . each day when you go to bed you should be able to say, "I made this a little better place today."

Getting to know Dr. Palmer firmly convinced us that each day was a little better because of the wonderful things he did for others.—CAROLYN J. GUSTAFSON.

ROUNDAABOUT WITH THETA

Nancy Wulf

Kathryn Olmstead

New Traveling Secretaries

Said Nancy Wulf, writing about her new job as a Theta traveling secretary: I am very excited. . . and am looking forward to it.

Said Kathryn Olmstead: The prospect of being a traveling secretary is indeed challenging and exciting.

By the time this magazine is out the "challenge and excitement" for these two girls will have become a reality as they swing around the country visiting and working with Theta chapters.

Both are well qualified. Briefly, here are the backgrounds of each of the girls:

Nancy comes from Alpha Nu chapter at the University of Montana, where she was last year's president and delegate to Theta's Banff Convention. Her main outside activities on Montana's campus related to the Associated Students in connection with which she attended the University of Montana Leadership Camp and served as chairman of Parents' Day. She headed other student government committees and was active in AWS.

Kathryn ("Kathy") Olmstead is an initiate of Tau chapter at Northwestern and a transfer to, and member of, Delta chapter of Illinois. She has already started in the Post Graduate Teacher Internship Program at the University of Wisconsin which she will resume after her Theta job is finished.

She was president of the Theta chapter at Illinois, the 1965 District II Convention chair-

man, is a member of Alpha Lambda Delta, and was active on campus in the YWCA, University Oratorio Society and Illini Union Student Activities.

Execs Honor "Ex"

Shop talk is more fun when the people you are with can talk shop—about the same things. Thus, when seven sorority executive secretaries, whose central offices are in the Chicago area, got together at the luncheon invitation of Dorothy Vaaler, Theta EST, shop talk about sorority business was fast and furious. Guest of honor was recently retired (but far from forgotten) Alpha Phi secretary, Doris Corbett.

Those who attended (listed here from left to right as shown in picture below), back row: Jinny Jones, Delta Delta Delta, Chicago; Fran Chapelle, Sigma Delta Tau, Evanston; Doris Corbett; Eleanor Sieg, Gamma Phi Beta, headquarters newly moved to Kenilworth, Ill.; Dorothy Vaaler. Front row: La Verne Harvey, Alpha Phi's new secretary, Evanston; Helen Jenkins, Zeta Tau Alpha, Evanston.

We Welcome

These alumnae clubs—

DUNCAN, OKLAHOMA—president, Mrs. Richard Ellis.

OWENSBORO, KENTUCKY—president, Mrs. H. Hamilton Rice, Jr.

Names in the News

New secretary to the College Committee, working in Central Office, is Joan Fausch Sandblom, Alpha, DePauw.

Colonizer for the chapter-to-be at the University of Rhode Island is Terry Ordóñez, former president of Gamma Omicron, New Mexico.

Opportunities for Graduate Work

SYRACUSE UNIVERSITY—Three types of opportunities for graduate women are sponsored by the office of the dean of women at Syracuse. These are opportunities in student personnel work in higher education, in a work-study program in other than student personnel work, and in doctoral internships in student personnel. Write to Dean Marjorie C. Smith, Women's Building, Syracuse University, Syracuse, N. Y.

Pin Problems

In the Spring 1965 Theta Magazine college editors wrote about "honor" pins worn by chapter presidents and other college Thetas. In searching out information about these pins, most of which are old and whose histories are lost in the "mists" of time, it is inevitable that some errors in fact should be reported. Quick to

make corrections about old pins were these:

Illinois—The lovely diamond-studded Theta pin worn by the Delta chapter presidents belonged to Grace Dietrich (not Mage as the letter showed). Grace was initiated into Tau chapter in 1892 and helped install Delta in November, 1895.—NANCY L. PLOCAR.

Stanford—The letter from Phi chapter, page 57, Spring, says "Bernice Tompkins was a member at the College of the Pacific when the campus was located in San Jose. Phi moved to Stanford and so did Miss Tompkins." It was her mother who belonged to the early Phi, and she did not move to Stanford when most of the chapter did. Bernice was, in fact, Phi's first legacy, and I had the privilege of pledging her in 1913.—CAROL GREEN WILSON, *national historian*.

Vermont—I want to call to your attention the misspelling, on page 60 of the Spring Issue, of the name of the Theta whose pin is used as the president's pin at Lambda chapter. The name is given as Beyett; it should be Mary Louise Mills Deyette.—ALICE H. DERBY, PAS.

Another Pansy Pin

The latest Theta to reach 75-year status is Jesamine Howell Fugate who was the 68th initiate at Kappa, Kansas, becoming a Theta on October 25, 1890. She now lives at Beatrice, Nebraska, was 98 years old on May 24, 1965, "remains interested in her friends and relatives and reads and makes hooked rugs."

Is she our oldest living Theta?

nominations

Mary X. McCarthy Plummer, Grants Pass, Ore., an initiate of Alpha Nu, Montana, has been appointed chairman of Theta's Nominating Committee for 1966.

"Mary X," as she is familiarly known, brings long experience in Theta to this important job. She retired in 1964 following two terms on Grand Council, working on the Service Program. Prior to that she headed the Philanthropy Committee, was a district president, and has been active and held office in two alumnae chapters—Seattle and Spokane—and two alumnae clubs—Eugene and Southern Oregon. Currently she is also serving in the Counseling and Guidance Department of Grants Pass High School, working with senior boys and girls.

Recommendation for Grand Council officers in Theta may be made any time during the year, up to and during Grand Convention 1966. Any Theta may make such a recommendation. Send to:

Mrs. W. T. Plummer, 1301 Daisy Lane, Grants Pass, Oregon

A Significant Gift to LINK from Seattle Theta

A desire of one member to make a philanthropic contribution which would bring credit to Theta has resulted in a significant gift to the Kappa Alpha Theta Foundation. Agnes Lovejoy Shannon, Alpha Lambda Golden Year Theta and member of the Seattle Alumnae Chapter expressed these thoughts to a Theta officer this spring. After a thorough study of the operations and goals of the Foundation Mrs. Shannon decided that giving through the Foundation was a most satisfactory method of channeling a gift that would do the greatest good while helping her fraternity realize its commitments of today and hopes for tomorrow. Greater support of the Institute of Logopedics and a step towards increasing scholarships are the results of a wish of one Theta to link her plans for personal philanthropy to those of Kappa Alpha Theta.

Mrs. Shannon chose to make her contribution a gift of securities. Other Thetas planning estates in which philanthropy is a consideration are reminded of the financial advantages of this type of giving. Consultation with your lawyer will confirm the fact that gifts to the Foundation are entitled to all the privileges of exemption of any national charitable foundation.

Mrs. Shannon's long membership in Kappa Alpha Theta spans a half century of fraternity growth in which giving has played an important role. Although the Foundation is just emerging from its formative years its potential strength will be guaranteed by Thetas who remembered.

If you have not yet sent your contribution for your 1965-66 membership in LINK, do it today. You will find a coupon on page 64.

You may wish to follow Mrs. Shannon's example, and make a gift of securities or real estate. It is very simple—your lawyer can help you, or write to the Kappa Alpha Theta Foundation for help with any questions you may have.

Theta Lips Are Smiling

◆ Beloved past Grand President Hazel Lease came in for a surprise at District XIV Convention when the entire convention body burst into song to the tune of "Hello Dolly": *Hello, Hazel, look our way, Hazel/ We're so glad to have you back where you belong./ Don't go 'way, Hazel/ Please do stay, Hazel./ So unpack your bag, Hazel/ Wear your name tag, Hazel/ And never, never go away again!*

◆ Result of the District VII Convention: Six inspired college chapter presidents plan to keep in touch via a round robin letter.

◆ Did you notice that the weather was most "balky," not to say uncooperative, at at least four district meetings? Snow caused cancellation of the convention at District III, pelted Districts IV and VI with lots of white stuff, while rain (what, in California?) pestered District VII Thetas.

The HONORARIES

Photo by Carolyn Carter

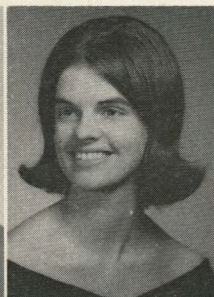

PHI BETA KAPPAS seem to come in bunches, like flowers! When one Theta "makes" this illustrious honor society at a school, she is often joined by several others from her Theta chapter. Why does this happen? We don't pretend to know. We do know that each time that several Thetas are elected to Phi Beta Kappa, thus setting a record at a particular school for the most from any one group, there is much rejoicing and the occasion is memorable indeed. Such an occasion came about this past spring at William and Mary College, scene of the founding of Phi Beta Kappa on December 5, 1776. Here, in 1965, five Thetas from Beta Lambda chapter became Phi Beta Kappas, breaking the school record for the number from any one sorority. Four of these are shown above at Theta's recent District XVI Convention held in Williamsburg. They are, l. to r., Bonnie Burnett, Tracy DeBell, Anne Barden and Sharon Spooner. Not shown is Jill McCroskey. So elated was the Theta chapter at this honor that they festooned the Theta house with banners (see page 14) and amidst their rejoicing contemplated with awe the deep traditions and meaning of Phi Beta Kappa.

Honor Societies

edited by **Barbara Fuller Gilson**
Gamma, Butler

◆ This was a record year for Theta chapters reporting on honor society elections: 80 chapters responded. Of this number Hanover, Pittsburgh, Utah, New Mexico and Texas Christian were *early bird* reporters. Georgia took top honors for the most girls being chosen for honor groups: 23. Montana and Washington State with 22 each were close seconds while Butler was third with 20 Thetas receiving bids. Penn State topped the list on the number of honor groups to which Thetas were elected: these total 11. Montana Thetas found places in 10 organizations, Michigan State in 9. In some instances, however, honor groups had to be left out because they do not appear in the latest edition of *Baird's Manual of American College Fraternities*. Sorry!

Twine for the Kite

Subject of a feature story in the *San Francisco Examiner* was Ann Curtis Cuneo, Omega, California-Berkeley, a onetime Olympic swimmer and winner, asked to comment on the 1964 Olympics. Another Theta swimmer, who started considerably later than Ann, was also the subject of a story, this in the *Daily Gazette* of Berkeley, Calif. where she lives. She is Ethel Rose Taylor Horsfall, Omega, who started swimming at 73, has swum 100 miles, now at 75 is learning the crawl. An inveterate walker and retired school teacher she says she took up swimming as "something I might do when I get too old to climb mountains." (Have you climbed any mountains recently?)

Most popular item at a recent bazaar at Christ Episcopal Church in Tacoma, Wash.

was a book, *It Came to Pass*, by Jessie Drummond Bronson, Alpha Lambda, Washington-Seattle. The volume, written in commemoration of the 75th anniversary of the church, is a factual history of Christ parish into which is fitted the fictional Lutrich family. Mrs. Bronson is also the author of a volume of poems and of a novel, *No Haverin'*, reviewed in the Summer 1964 Theta Magazine.

Carolyn McKenzie Carter, Gamma Delta, Georgia, new CDP XVI (see page 27), was appointed by President Johnson to serve on the Annual Essay Commission, 1965. The group of 22 met in Philadelphia to check weight and metal content of coins produced last year at the Denver and Philadelphia Mints. Theta Eva Adams is Mint Director.

Caroline Redrup Adams

Caroline Adams, Gamma Deuteron, Ohio Wesleyan, and Alice Coble, Gamma, Butler, were two of six Indianapolis women honored by Theta Sigma Phi as "special people" giving exceptional leadership and service in their community. Caroline Adams' service has been largely in Girl Scouts, Alice Coble's on the Indpls. Board of School Commissioners. (Note: Caroline Adams was wrongly designated by her maiden name, Redrup, in the Spring magazine. We now restore her married name!)

Twin Stars Shall Guide

The age that we live in is one of space exploration and advanced technology. Theta was founded in 1870, and its basis in constitution is unchanging, but the members who determine the character of Theta are a reflection of the society—enthusiastic, curious, independent. The twin stars of our pin embody these ideals and guide all sisters if they cherish and recognize them.

There are many similarities between the astronaut movement and the steps of Theta. As the astronauts look to a frontier of space as pioneers, so similarly do we Thetas on the day of initiation pioneer our new life of double meaning—us and sorority. Now, though, the true meaning of the stars focus before us and present a piloting light.

What do these twin stars represent? To

every girl in Theta they may have different names, but still embody the intrinsic purpose and steadfast loyalty inspired by the sorority. Perhaps John Glenn and Alan Shepard had the right idea in naming their ships the "Friendship Seven" and "Freedom Seven."

Thus, the twin stars, the Gemini spaceship that leads us through perils and joys, can supply the providence we need. Here the light has been provided for us through Theta, as Friendship and Freedom shine brightly. However, it should be our duty to spread that glow throughout the world, as only in this way will Kappa Alpha Theta flourish and the stars of truth remain.

The preceding is a portion of a talk made at the Lambda, Vermont initiation banquet by one of the new initiates, Judy Peitscher.

DO YOU REALIZE ~~~~~

THAT Kappa Alpha Theta Loans are available to
juniors, seniors, graduate students?

Do you realize

THAT the Kappa Alpha Theta Loan Fund of \$100,000 has accomplished great work in the 60 years of its existence? THAT over 1600 Thetas have borrowed from this fund to complete their education?

Do you realize

THAT some loans are small—to meet unexpected emergencies and urgent needs? THAT larger loans, up to \$500, are applied for during the summer to assure a financial program for the senior year? THAT these loans all carry a 3% interest rate and are repayable two years after graduation? THAT the loans are quickly processed and granted and all information concerning them is strictly confidential?

Do you realize

THAT every member of Kappa Alpha Theta should feel justly proud of this large permanent loan fund, generously built over the past 60 years by donations from every chapter and many individuals? THAT this fund is zealously watched and cherished and dedicated to the service of higher education for members of Kappa Alpha Theta?

Do you realize

THAT all information concerning this loan fund may be received, immediately, by writing to the executive secretary of Kappa Alpha Theta:

Mrs. Walter Vaaler
Suite 342
1580 Sherman Avenue
Evanston, Illinois 60201

To Theta Parents:

Your daughter's magazine is sent to her home address while she is in college and we hope that you enjoy seeing it. But if she is no longer in college and is not living at home, please send her new permanent address to Kappa Alpha Theta, Suite 342, 1580 Sherman Avenue, Evanston, Illinois, 60201.

Mrs. John C. Gallup - A Lambda
